

Teachers - There is another way!

Are you an outstanding teacher who feels stifled by the mainstream system? Are you an exceptional, creative practitioner who really wants to make a difference every day to the lives of the most vulnerable children?

Do you want to be driven by a sense of moral purpose rather than data? Do you want high quality professional development and support? Do you want to teach small classes where getting to know the children really well is a priority and a pleasure? Do you want to work with highly supportive colleagues who share your values and ethos? Do you want to work in an organisation that supports career progression and has opportunities beyond your own school? Do you want to be involved in educational research and development? Do plans to move to new-build accommodation excite you?

If the answer to these questions is yes, then why not come and work for an organisation who truly believes that there is another way?
