## Welcome

to our first newsletter of the year.

What a fantastic start to the academic year we have had since September. We have seen new starters join our school and settling well to our Springwell Mablethorpe family. We have seen students move onto new providers and we have celebrated no end of success already this year. As well as new students starting, we have also had new staff members join us who have been a pleasure to work with and have really helped develop the students academic achievements as well as personal ones too.

We would like to take this opportunity to thank you for your continued support and hope you all have a Merry Christmas and a Happy New Year!

We look forward to seeing all the students back with us in 2019 !

Ms Bower (Head of Centre) Miss Turner ( Deputy Head )

## Sharks Class (KS2)

The Sharks have been busy busy since September creating theme parks, raising money for The Royal British Legion and exploring space.

We have embraced lots of different ways of learning and created amazing models, choreographed moon landings and cooked some tasty treats. The sharks have excelled in maths and English and have really enjoyed getting practical in their lessons. We've had an amazing start to the year and we are all really looking forward to the new year and all the excitement that comes with it.

## Octopus Class (KS3)

This term key stage 3 has been full of smiles as the class has taken on lots of new and exciting challenges along with growing in numbers as new students have started and been welcomed by everybody in there.

The class has shown interest in cooking and as a result this lesson is often a highlight of the week. The boys have made some fantastic dishes, carved pumpkins for Halloween and extended there culinary skills.

Art lessons have been enjoyed since September with various different challenges set from portraits in various forms and even extending the skills and displaying them on the door outside the classroom giving real ownership to the class.

Finally the class has really strived to achieve in physical education this term undertaking a heavy workload of table tennis and helping the boys really focus on net games along with working on a 6 week archery program with external coaches coming in to help train the group. 3 members of the class even managed to qualify for their gold certificate which is a high achievement in itself often taking people outside of school many months to achieve.

## A Message From Our Chair of Governors

Hello and Happy Christmas!

Please allow me to introduce myself. I am the Chair of the Local Governing Body for Springwell Lincoln City Academy. I have been on the Governing Body since May 2017 and was elected Chair in January of this year.

I have brought with me a great deal of experience in strategic planning and leadership, communication and innovative design and I am so very impressed with the culture of all these aspects already embedded in this setting, from the Executive Senior Leadership Team to all the staff who work so very hard in giving your children the best opportunities for their future in a safe, nurturing environment.

I enjoy my visits to the school and am always welcomed into a great environment for children and adults alike. It is an absolute pleasure to be part of it.

I will continue to accompany the Leadership Team in ensuring that Springwell is a wonderful place for all who come through our doors.

I wish you a restful and enjoyable time throughout the festive period.

Steve Holloway

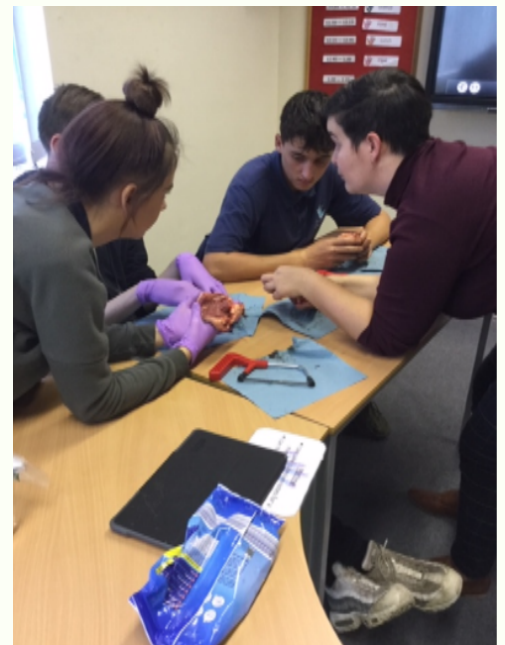

What a term....

What a term....

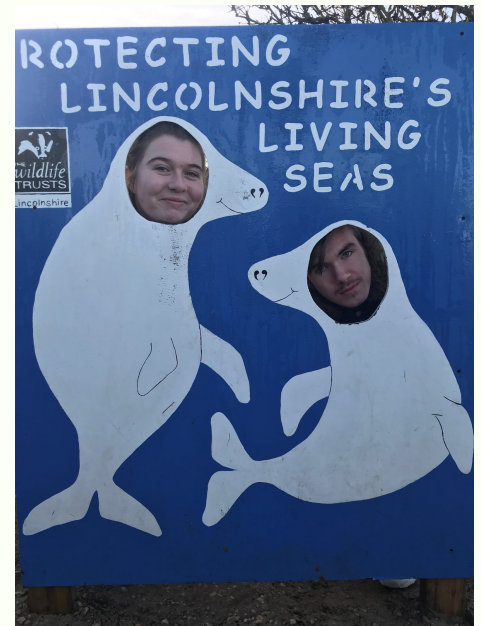

## Velvet Crabs (KS4)

During this term our Key Stage 4 students have been working hard towards their qualifications working as a team during through building their communication and leadership skills through numerous projects throughout the term. We have had post 16 providers come in and talk about next steps and some of our students have then had the opportunity to visit potential colleges with Mr Barnett. With more visit planned in the New Year, it is a very exciting time for our students.

Our Key Stage 4 students also had an assembly and workshop delivered by the Amy Winehouse Foundation Resilience Programme. All of our students have been brilliant role models for the school and this has been noticed by visitors throughout the term, well done for making us really proud!
